Everytime I run the program the list's size property is not persistent. So everytime the list is refreshed the size is 1. How to make the size persistent? public List List { get; set; } A: Yes you can do that by holding a collection of an other collection. public List List { get; set; } Then you can use List.Count to keep track of the length of the List. PM Modi addressed the nation on the Pulwama terror attack and thanked everyone for standing with the country. He also took a moment to respond to trolling over his multiple wardrobe choices over the past few months. Prime Minister Narendra Modi said the Pulwama attack is a reminder of the need for introspection. "We need to introspect on our own strengths and weaknesses to save humanity. We are alive as a nation only due to our unity," he told the nation during his address to the nation on Friday. "We need to introspect on the causes of the outrage — the science of terrorism — for we are alive as a nation. It is a reminder of the need for introspection, of the need to constantly remind ourselves as to how we can save humanity," he said. Watch PM Modi's Speech on Pulwama Attack PM Modi also thanked his colleagues in the government and the security forces. "We have never sacrificed even a single inch of our sovereignty and the sacrifices made by armed forces in recent years have been very painful," he said. The prime minister noted the members of the security forces are "still facing the brunt of terror in Jammu and Kashmir". "Terrorists will never win, the entire country is with you and your morale is high," PM Modi told the armed forces. Army and the Air Force were "always near and dear to our hearts", he said, adding that he is "confident" the armed forces will "lay down their lives for us". The prime minister said he appreciates the efforts of his government to keep India safe and that he is confident that "the nation is with you". PM Modi also touched upon the need for India to be a regional leader. 5ec8ef588b
